PROFESSIONAL SUMMARY

Junior Web Developer with hands-on experience building responsive web applications using React, Next.js, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB, and REST APIs. Combines full-stack development skills with 6+ years of professional freelance design experience, including 3,000+ completed projects for international clients and professional UI design experience at Algorify Labs Ltd. Experienced in translating client requirements into practical digital solutions, working with feedback, and delivering projects in professional environments. Seeking a Junior Front-End or Junior Full-Stack Developer role.

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS

Backend & Database: Node.js, Express.js, REST APIs, MongoDB, PostgreSQL (learning)

Tools & Design: Git, GitHub, VS Code, Google Apps Script, Figma, Adobe Illustrator, Adobe Photoshop, Canva

PROFESSIONAL EXPERIENCE

UI Designer — Algorify Labs Ltd. | Oct 2025 – Mar 2026

Full-time | Dhaka, Bangladesh

- Designed responsive website and product interfaces in Figma, translating business requirements into clear, developer-ready UI designs.
- Collaborated with team members on requirements, feedback, and timely delivery in a professional product environment.

Freelance Graphic Designer — Fiverr.com (Self-Employed) | Mar 2020 – Present

Remote | Jashore, Bangladesh

- Completed 3,000+ projects for international clients while maintaining a 4.9-star rating as a Fiverr Level 2 Seller.
- Managed client requirements, feedback, revisions, deadlines, and final delivery for businesses across the US, UK, and Europe.
- Specialized in restaurant menu design, digital menu boards, logo design, and brand identity for commercial clients.
- Delivered brand and visual design projects for clients including Bocaire Country Club, Chef's Corner, Brain Buzz, and SMASH44.

Freelance Graphic Designer — Freelancer.com | Mar 2015 – Sep 2021 | Remote

- Delivered logo and brand identity projects for international clients, strengthening remote communication, requirement gathering, and project delivery skills.

WEB DEVELOPMENT PROJECTS & TRAINING

Apr 2025 – Present

- Build and deploy responsive web applications through hands-on projects using HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), TypeScript, React.js, Next.js, Node.js, and Git/GitHub.
- Built Freano, a personal finance management application, applying reusable components, responsive UI patterns, and modern frontend development practices.
- Developing a Restaurant Menu Management System with React, Tailwind CSS, MongoDB, and REST APIs, plus a Restaurant Finance Tracker with Google Sheets integration.
- Apply API integration, responsive design, component-based architecture, and full-stack concepts across practical application projects.

EDUCATION

Bachelor of Arts (Pass), National University, Bangladesh
